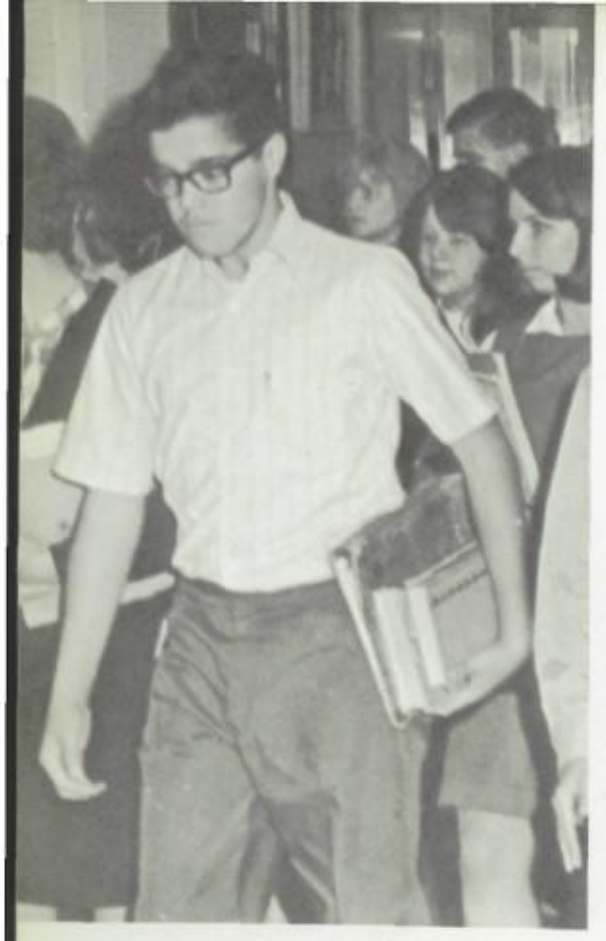
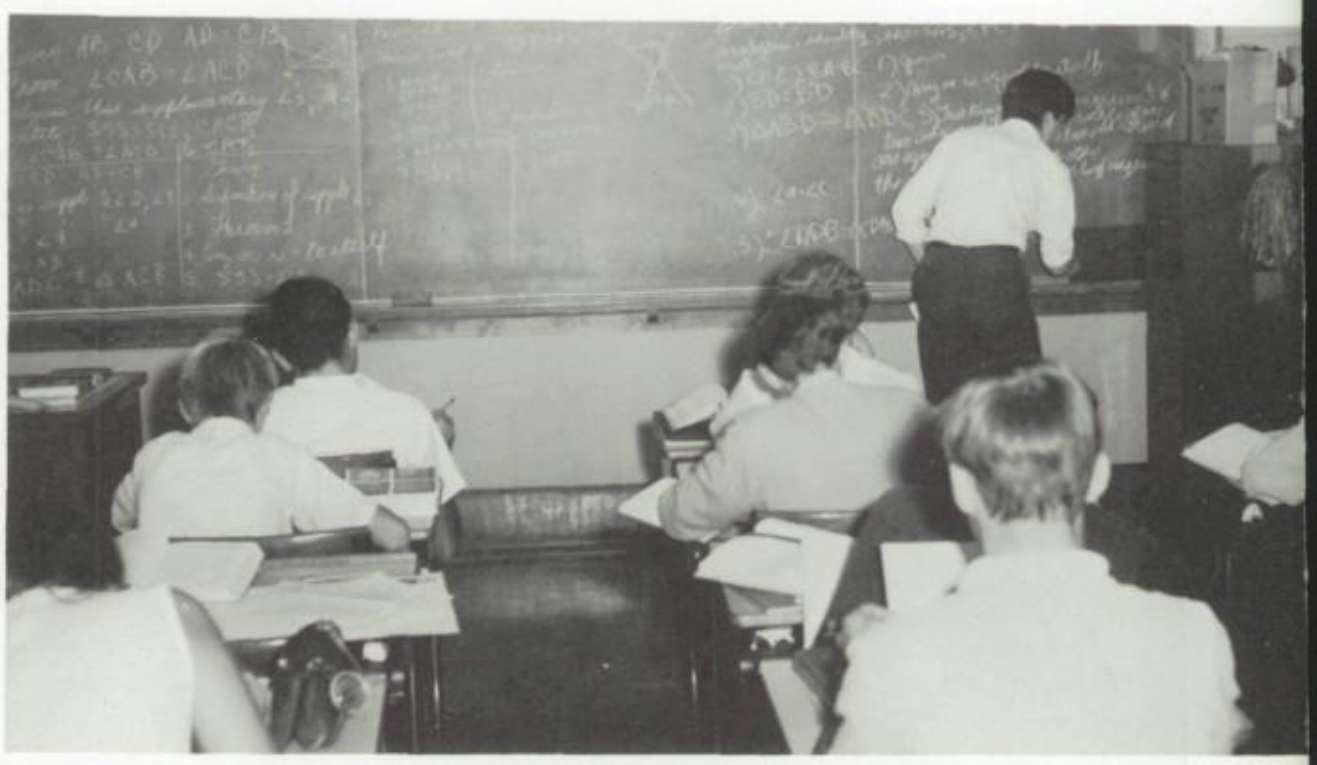
Bay View
Bay View

With pride and determination in the hearts of the Bay View athletes, they set out for successful seasons. Some succeeded; some failed; but spirit by the fans and athletes always ran high.

New acquaintances were made as time progressed. We learned the importance of a friend . . . the need of someone with whom we knew we could speak freely. Each helped us to find ourself as an individual in a complex society.

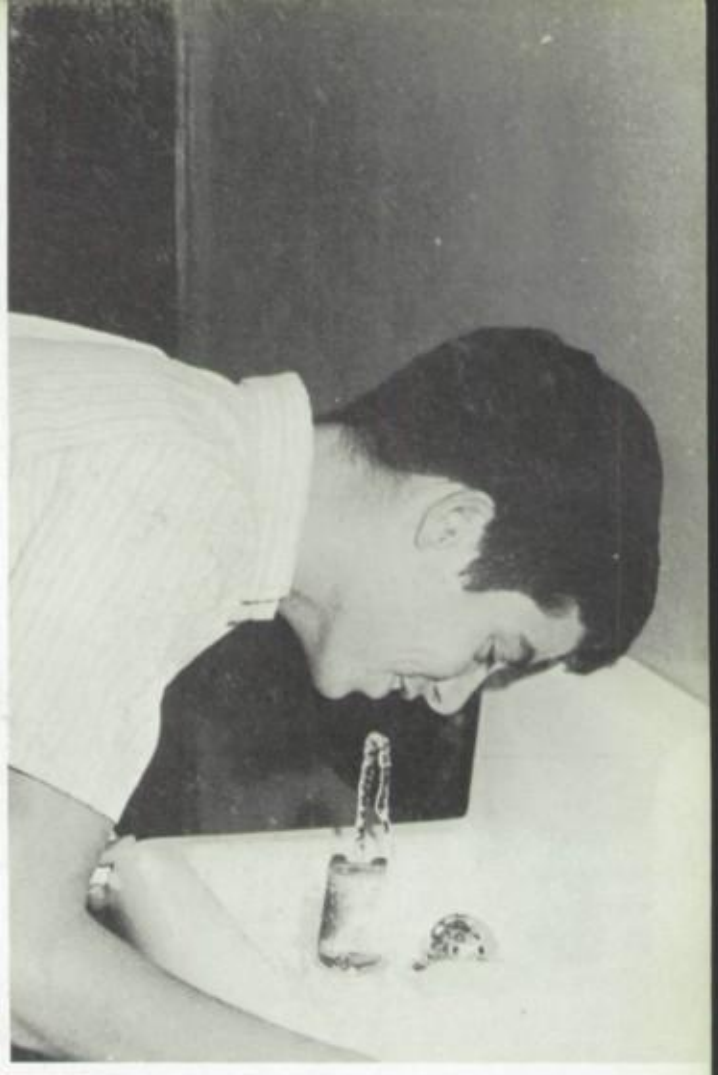




New perspectives were open to us. Soon college conferences took up much of our time. The final signing of that important application . . . the waiting for the scores of the achievement tests . . . and, most important of all, the receiving of an acceptance slip made all of our struggles worthwhile.

Human enlightenment was found by discovery and experimentation. We were burdened with research papers, themes, and special assignments. We realized the meaning of frustration and despondence. We asked the unanswerable, we questioned the facts. We felt complete happiness found from success.

From our experiences, we learned to hope
. . . to laugh . . . to cry . . . to understand . . .
to wonder . . . to live . . . to remember.



As graduation approaches, reflections of the past three years stand out clearly in our mind . . . Homecoming . . . Pep rallies . . . Lunch hours . . . Study halls . . . Cramming for final exams . . . Heel and Tie Day . . . Prom . . . Senior Dinner Dance. These will be fond rememberances for the rest of our lives.

English

The English Department provides opportunities for students to learn to read intellegently, write accurately, listen critically, and speak effectively.

Faculty members strive to instill in their pupils a desire to find out more about languages and literature. Textbooks, dictionaries, magazines, newspaper, novels, television and other audio-visual equipment are valued aids. The classroom extents make their way to the public library to do research, to various Milwaukee colleges and universities to attend lectures, and to theaters to see what is going on in the field of drama. These activities are encouraged, for they inspire creativity as well as enthusiasm.

Mathematics

Through the patterns of scientific investigation, similar procedured and methods are invariably employed in diverse areas of inquiry; but perhaps the greatest benefit in procedure is derived from the application of one singular tool, mathematics. Through mathematics man has found the potential to explicate untold mysteries and to equate solutions for diversified problems with a scientific language that is universal.

In no other manner are we able to express relationship or formulate laws of nature as we are through the logic of numbers. In creation on infinite number of patterns exist, and only with a knowledge of mathematics will we be able to comprehend them and employ them for mutual benefit.

Social Studies

The study of man's past, with his triumphs and defeats, hopes and despairs, is history. It reconciles man with his past and provides guidelines for his future. It sustains and instructs, admonishes and encourages. It links all men together, man to man, nation to nation, in the web of human experience; for history belongs to all men and encompasses all knowledge. Through history the experiences of the philosopher, the statesman, and general are united with ours; and they become our own. It forms the foundation on which we visualize the patterns of the future through those of the past.

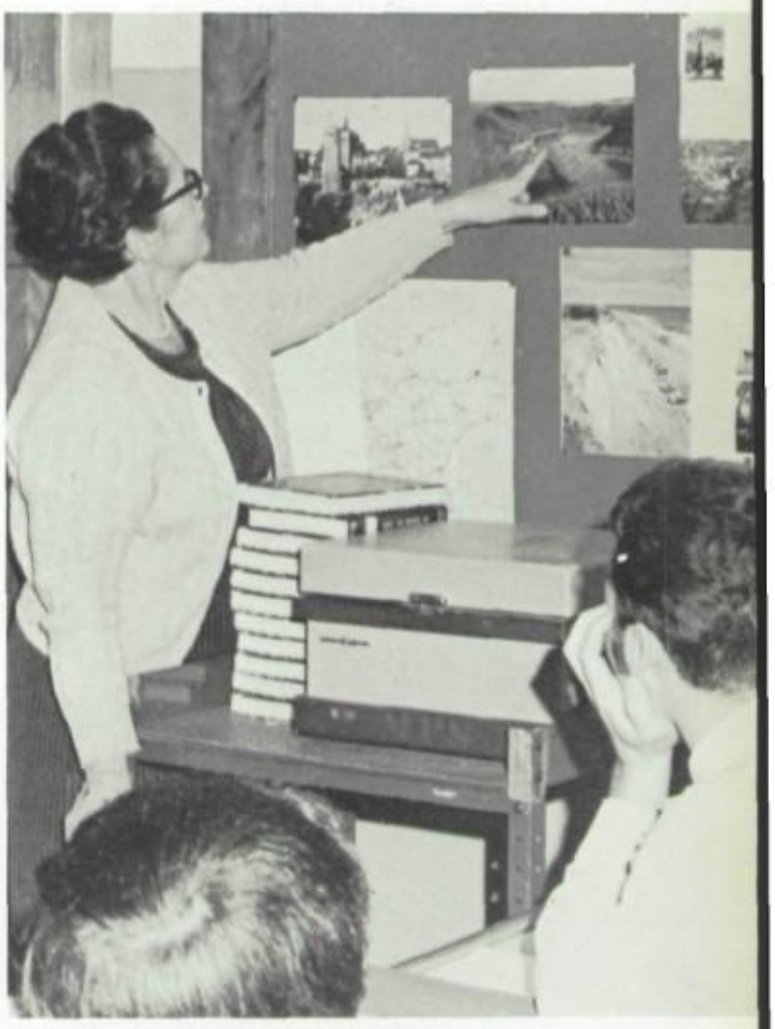
Foreign Language

Foreign Language Study is an essential study in the high school curriculum. The reasons may vary according to the student's aim now, or after high school. Nevertheless, basically, it contributes to his cultural background, his understanding of other peoples' philosophy and customs. Furthermore, it enables him to see relationships to his own native tongue. All in all, it is a valuable asset to the contribution in the continuity of the educational process.



Music

Music has long been regarded with an esthetic interest and appreciation throughout the world. The patterns in music-rhythm, mood and the pleasing arrangement of sounds, have long carried with them distinct cultures and traditions.

Music includes the rich heritage of sounds shared by all the world . . . the brilliance of a Beethoven or a Bach. Music, in a sense, is beauty, an inspirational outlet for man's spiritual nature, truly, it has added enjoyment and enrichment to lives of all men.

Art

Man has been engaged in artistic expression of some sort as far back as history can record. Through art man has found a worthy outlet for his feelings and ideas. He has created monumental and beautiful edifices to enshrine his deepest emotions and religious convictions. He has painted his passions on glowing canvases, using various patterns of shades and colors, and has carved marble into flawless forms that have survived for centuries. Certainly, art is expressive of culture in its many patterns.

Physical Education

Through a wide program of physical activities lies three main objectives. To develop sound bodies; to bring out and improve hidden physical talents and abilities; and to teach and create an interest in activities which the student can carry with him into his adult life and which will provide an interesting and valuable addition to his way of life in the form of recreation and the proper use of leisure time.

Home Economics

Home Economics is concerned with improving the development of individuals and families for effective living. The whole Home Economics program, therefore, becomes a blueprint for living.

The goals of the Home Economics Department include enriching personal life, creative use of leisure, and the establishment of good home relationships for present and future families, which, in turn, provide an environment where character can be molded and positive social values can develop. Young men and women recognize the need for successful roels in the family, and they participate accordingly in home planning, family living, child development, textile arts, foods and nutrition, and clothing and textiles classes.

Industrial Arts

In our Industrial Education program we hope to provide students with a continued sampling in several major occupational areas as well as extensive and intensive training and experiences in chosen fields of work. The purpose of our courses is to provide students with some marketable skills and experiences which form the bases for occupational employment. Talent and imagination in this area are in constant demand and are readily assimilated into many growing and prospering fields: architecture, construction, mechanics, production, electronics and engineering.

Business Education

The forces of the modern economic system have become an influential element in society today. In many ways the progression of our nation is dependent on commercial and economic prosperity. Our standard of living is largely dependent upon what the business world can do for the individual; and, in moving in this direction, industry and services need ready hands skilled in office and clerical procedures.

An advancing civilization demands more and more from its people in the field of business, and the world can progress only at a pace determined by efficient administrative patterns in commercial enterprises.

Office Workers

To promote efficiency in a complex educational institution, responsibility must at times be delegated to others. In our educational system various levels of authority and responsibility exist, each encircling and facilitating the work of the others. Out of necessity the functions of the administration, faculty, and student body must be co-ordinated to fulfill the objectives of education.

To satisfy this need for co-operation in education today, an office staff is maintained whose task it is to unite and efficiently aid the efforts of all concerned.

The 68-69 Bay View Redcats did much better than in previous years. Bay View compiled a six and two record. The redcats first two outings were easy as they trampled South and then Juneau. In the third game Bay View handed Marshall their only defeat of the season. The fourth game was disaster for Bay View met defeat by the hands of rival Pulaski. The redcats ran over their next three opponents winning all three of their next games. The season closed on a sad note as the redcats bowed to Boy's Tech, who Bay View tied for second place in the final city standings. Bay View had three boys on all city selection, they were Dick Fuhrman, Jim Wick, and Scot Lauritzen. Scott Lauritzen also ending up in Third place in the city scoring race.

Bay View's homecoming,"Touchdown Triumph ', began with an exciting pep rally announcing the king and queen. The spirit carried over to the parade on Saturday winding its way to South Stadium. The gridmen reached their height of the season by trampling East 35-20. The homecoming court was presented at the half-time ceremonies. The Soul Revue entertained the couples at the dance. The crowning of the king and queen was the denouement of the weekend. The dance was the final touch for a wonderful weekend which will be remembered for a long time.

The fighting Redcats strived to improve so that at the end of the season, they had an even 500 record with seven wins and seven losses. This was quite a good record considering Bay View lost three great players by January graduation. Christenson, Trad and Paul all left half way through the season. After those boys left, the team got together and really worked to end in fifth place. Tom Haight ended up second in the city scoring race with 376 points. Because of his fine showing he was selected on the first string All-City Basketball team. Haight has a 26.6 game average for the 14 conference games played. Bay View went on to win their last three games to bring their record to an even 500 percentage. In tournament play Bay View won their first game noseing out South. The season then ended for the Redcats as they bowed to West Milwaukee.

Bay View's swim team really outdid itself this year in comparison with previous years. Final tallies showed Bay View won six meets and lost three. Also won was a tri meet with first place. The finmen placed seventh in both the city relays and city meet. Three records were broken this year: Dan Krieger swam the 400 yard freestyle in 4:38.2; Dave Lind swam the sixty yard freestyle in 30.6; and Kyle Brunk, Dave Lenz, Ted Moder, and Dave Lind combined their talents setting a 400 yard freestyle relay mark of 4:02.

After the great performance of Bay View's gymnasts last year, our team once again proved its skillfulness. They won three of their dual meets and lost two. They then placed fourth in the city meet. After this tough meet, the boys took first in the state sectional. At the state finals, the boys really met some stiff competition and placed fifth. The outstanding performers were Bruce Bugalski, who placed first on the side horse, and Russ Franken, who placed second on the still rings.

The past year was a building year for the Redcats. Although the Redcats had only one victory, it was an improvement over last years team which was without a victory. The Redcats lone victory was a trunching over Lincoln 30 to 18. William Raasch who was one of the leading scorers for the Redcats graduated in January. Other high scores for the Redcats were Steve Dalrymple, Randy Michalzik, and Thomas Patnode. The team showed great improvement over the last years and next year's team should be a city contender.

Golf

ROW ONE: Mike Friske, Bob Roeder, Robert Lempke, Martin Kiely, Roger Klemz, Dan Wejerski, Duene Struck. **ROW TWO:** Gary Ushakow, Michael Peska, Chris Orlinski, Phil Vitrano, Rondell Smith, Bob Lackmund, James Buretta, Bill Pautzke, Tom Roszak, Coach Zanotelli.

As with the wrestling team, this year's golf team had a building season. Coach Zanotelli didn't even wait for the grass to turn green before practice began. Returning lettermen Tom Greenthal, Bill Pautzke, and Jim Buretta proved exceedingly valuable to the team. Senior Tom Greenthal dislocated his knee in gym, and was out for a month. Despite this unfortunate loss, the team was expected to do a good job this season, and it surpassed many expectations.

Government Association

The Student Government Association is a vital organization representing all students. In its twenty-second year, the S.G.A. provided many services to the students, school, and community. Included in the S.G.A. structure are the Assembly, seven officers, a Student Board, Student Court, and a number of committees.

Among the special activities conducted by this dynamic organization during the 68-69 school year were a clothing drive, a talent show, the distribution of Christmas gifts to students at Wales and Oregon and a canned food drive.

Other activities included planning a number of dances including Homecoming, Prom, and a special "Winter Sports" dance, operation of study halls and building control, smoothing the 10B's into the normal school life, and selling pennants and rings. Cars of all students and faculty were registered, and building ushers were provided for special programs. The Student Court tried a large number of cases and the Student Board acted as a coordinating body for the S.G.A. It also met with the administration several times during the year.

Inter-high representatives Darrell Eliott and Rosemary Potter.

June Graduates

SEATED: Susan Sanek, Lynn Frank. **STANDING:** Steve Gaza, Ted Moder, William Reifenburg.

The June graduating class of 1969 elected a capable and efficient Class Commission composed of Steve Gaza as chairman, Lynne Frank, Ted Moder, Bill Reifenberg, and Sue Sanek. Mr. Koch is the acting advisor. The Commission represents the entire graduating class, and have various duties to perform. Among these tasks were choosing the color of the caps and gowns, determining the amount for class dues, planning the senior dinner dance, and deciding upon the class gift.

The Commission met several times during the semester in order to make their decisions. After some deliberation, the color of the gowns was decided, but since Bay View was the last school to make their request, only their second choice was available, which was metallic blue.

The amount collected from each 12A for class dues went toward the payment for caps and gowns, the dinner, the graduation programs for the seniors, and the class gift to the school.

The June 1969 Class Commission did an excellent job representing the graduating seniors with the opportunities and ideas which were available.

Graduates on Commencement night.

Genevieve Vieilledent

Mohamed Tadili

Each year Bay View invites students from different countries to join the rest of the student body in learning, through the American Field Service. This year two students from foreign countries, attended classes at Bay View. They were Genevieve Viellendent, nick-named Vicky, and Mohamed Tadili, nick-named Tod.

Genevieve (Vicky) Vielledent was the foreign exchange student from a well-known country, France. Like other viewites, Vicky attended football games, pep rallies, and homecoming. Vicky, like other students, attended regular classes which consisted of English, Speech, Spanish, and History. But unlike other students, Vicky will leave late in June, 1969, to return to her native country.

Her interests were: going to Marquette for dances, cheering at games with the pep club, conversing with Tod in French and the operation of Bay View's S.G.A. Student Court. She also enjoyed her stay with the Bjork's, her American family.

This French girl will be remembered for her warm personality along with her unforgettable bright smile.

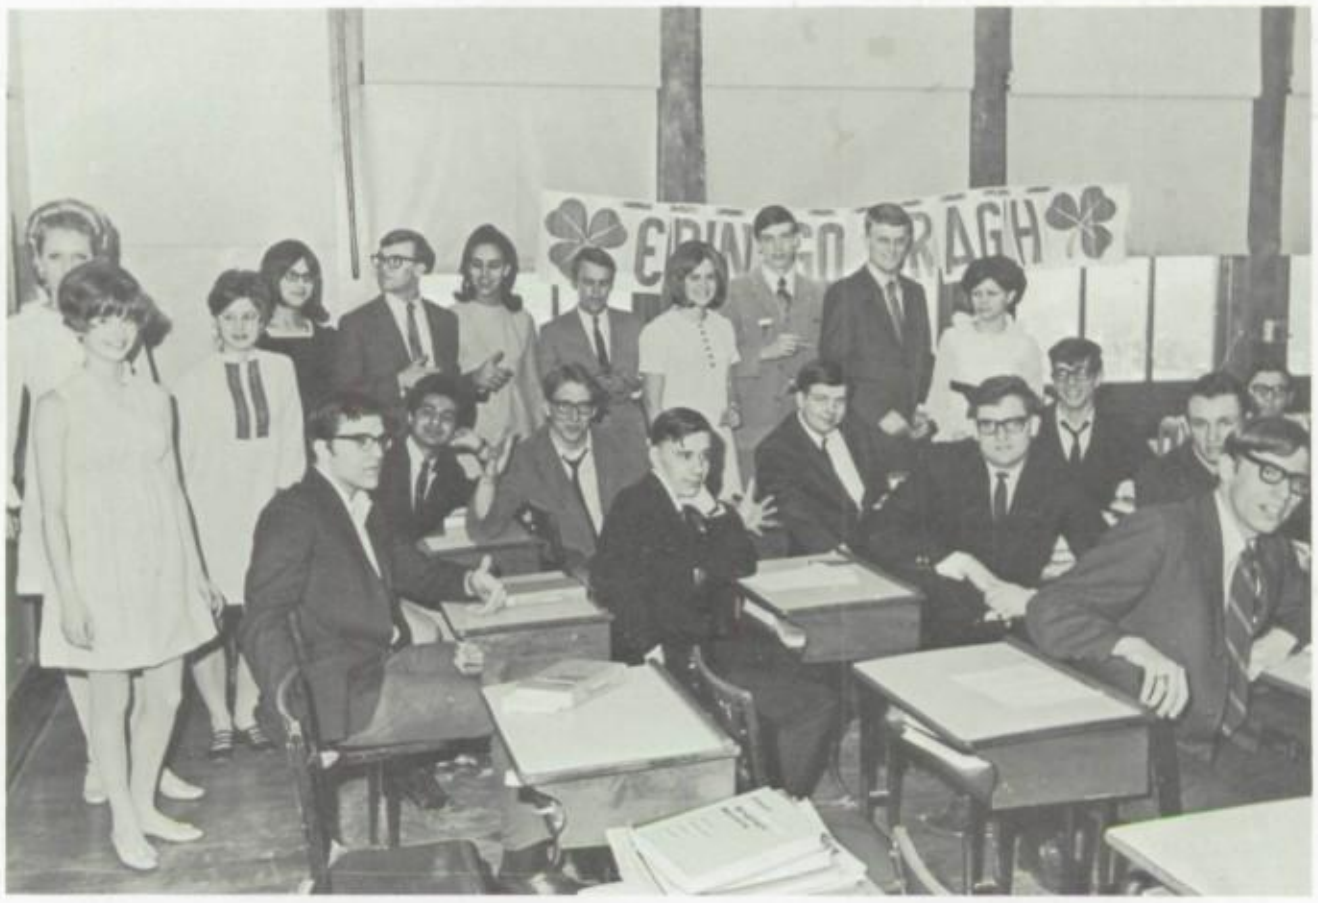
Mohamed (Tod) Tadili, our second foreign exchange student, came from Morocco, and like Vicky, was quite interested in school affairs and contributed a great deal to Bay View's activities. Among his likes were: meeting new friends at Bay View, discussing public affairs in Mr. Laessig's Economics class, playing his guitar, seeing the snow for the first time and talking about his country.

Tod described his stay at Bay View as a good experience, which he considered worthwhile and educational in many ways. Of America, Tod said "America is great, especially in the fields of industrial power, public welfare, and the fact that so many people are very educated."

Unfortunately, Tod was unable to complete his senior year here at Bay View. He left to go to a warmer climate in Arizona for health reasons. He enjoyed his brief stay at Bay View, and was very unhappy about leaving so many of his friends and his American family, the Schultz's.

These and other foreign exchange students have started a wonderful tradition at Bay View. With hard efforts, we may be able to have another two students at Bay View in September.

Heel and Tie Day



Our rings were the symbol of the pride we have for our school.

Sophomore year seems so remote, and now we will again be entering a world as "unknowns".

Moments We Will Remember!

Homecoming is remembered as one of our most unforgetable high school experiences.

When the next year's cheerleaders were chosen, we knew that the reign of the 1969 senior class was nearing its end.

"Cap and Gown Day" was the last step before we reached graduation day.

The measuring for caps and gowns was another reminder of how little time remained.

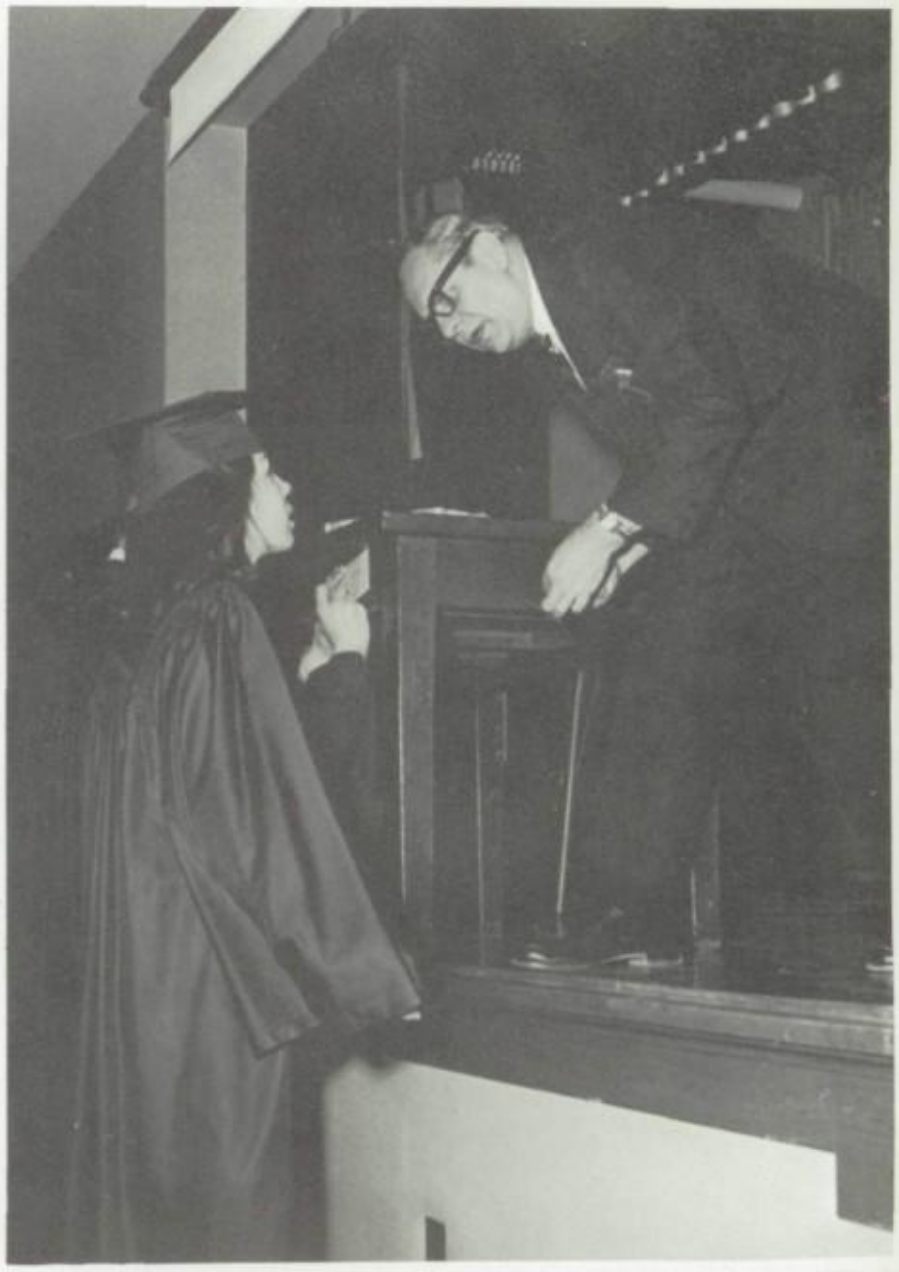
Miss Miller introduces the new foreign exchange students.



Mr. Koch advises students before graduation.

Singing by the A Cappella Choir was included in the Veteran's Day Program.

On Student Government Day, new members of the Association were sworn into their new offices.

Officers from the various services came to Bay View to speak on Armed Forces Day.

Charles Causier, Debbie Pavlik, and Jim Jabes were awarded trophies for their winning entries in the V.F.W. essay contest.

A.F.S. Day Promotes International Friendship

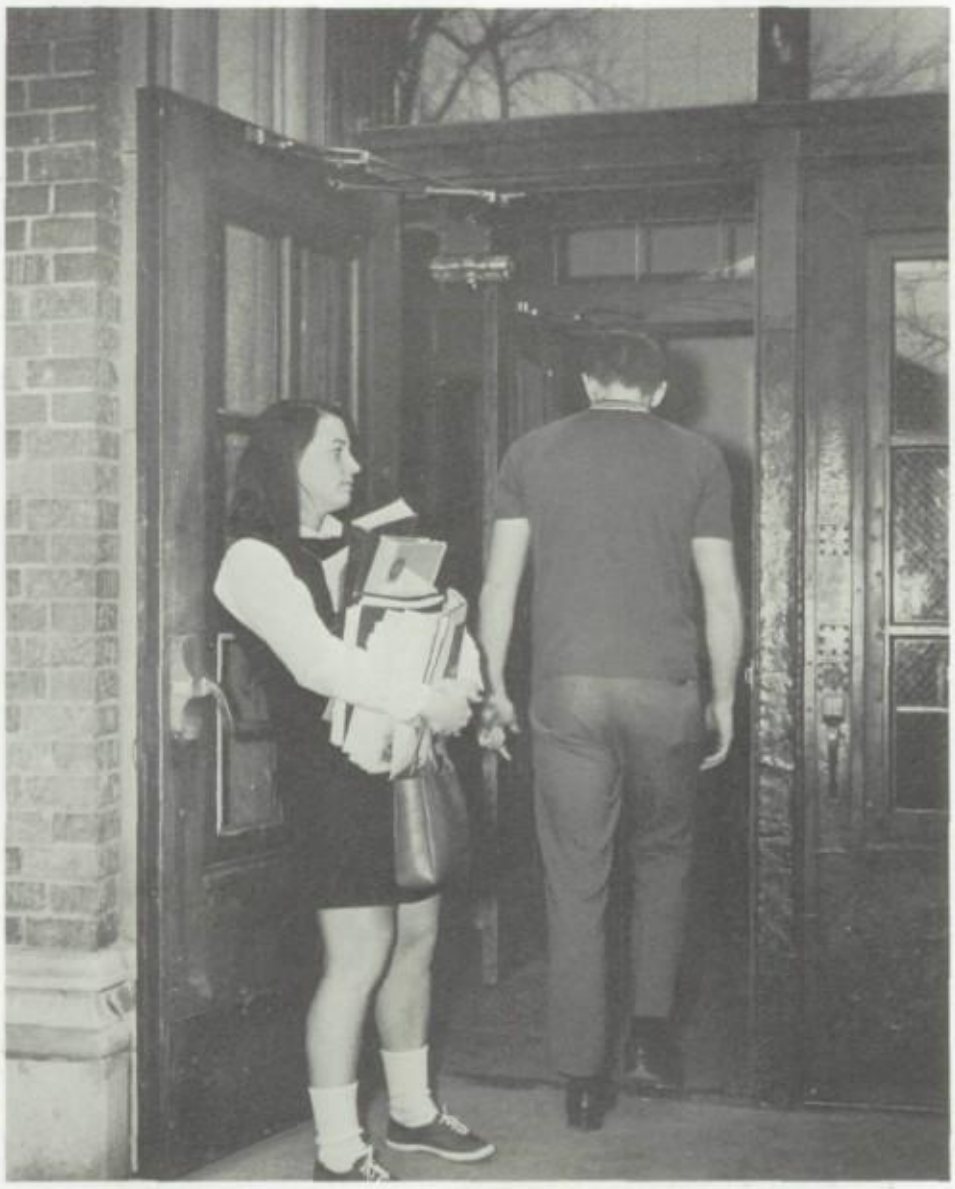
Representing their native lands, a group of girls visited Bay View on American Field Service Day. The students of Bay View were entertained by these charming girls during a program filled with songs and dances. The eleven girls who performed in the program came from various parts of the world, including places as distant as Australia, Thailand, and Malaysia.

The foreign exchange students spent the day going to classes with their escorts and giving talks on their homelands. The escorts were the eleven students who had sold the most shares. The day proved successful not only in earning money for next year's exchange students, but also as a day of learning about lands which are foreign to most of us.

Miss Miller tells the students of school life.

Bay View Students Display Talent

An hour of showmanship and talent was displayed in Bay View's Second Annual Talent Show, which was held on April 3. A committee composed of William Hoover, Lynne Frank, Peggy Pharris, Judy Rychwalski, and George Cerwin, chose the acts and the emcees for the show after many busy auditions. The co-emcees picked for the show were Linda Budzien and Thomas Moder. The participants were chosen on the basis of their ability and poise. Singing acts, piano playing, baton twirling, and comedies were on the agenda. The Talent Show gives students the chance to show their talents by performing in front of the student body.

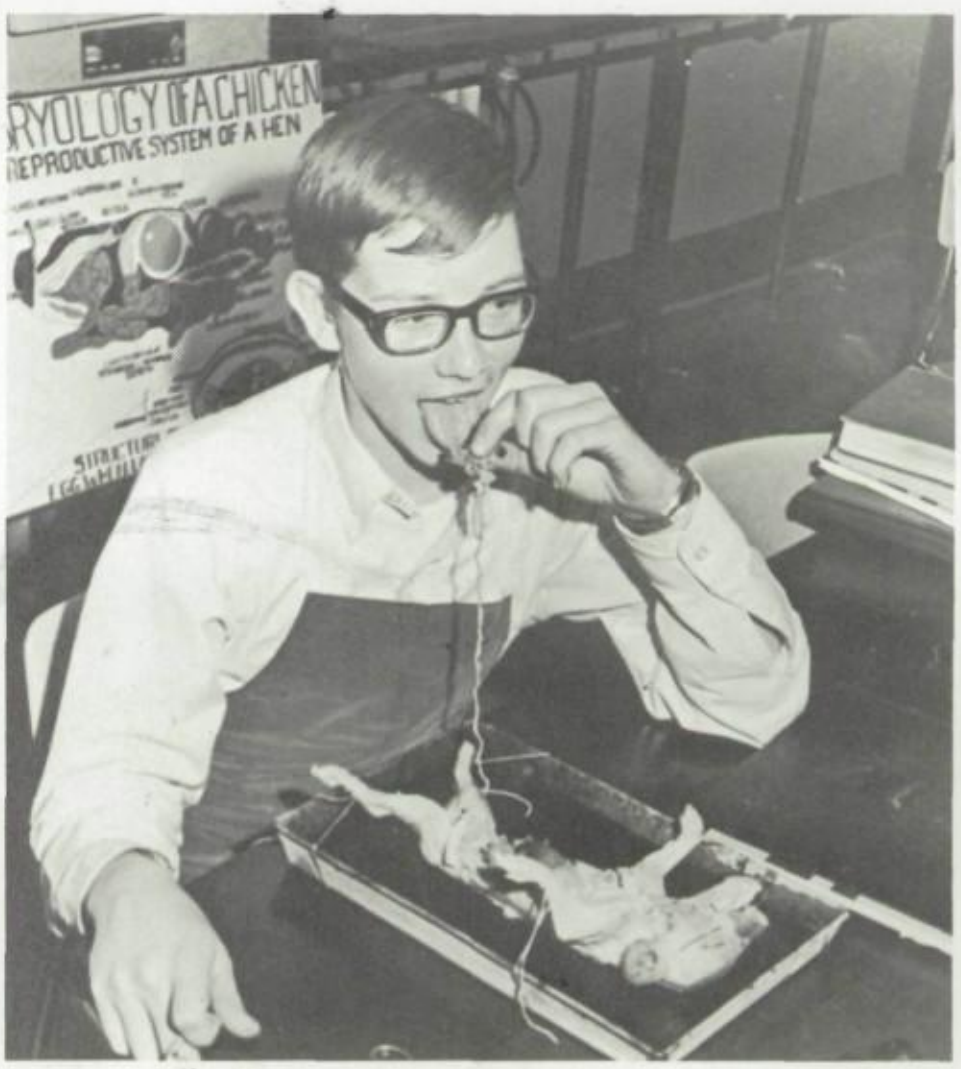


Needless to say, Good Manners Week wasn't practiced by all.

So this is what being a senior is all about.

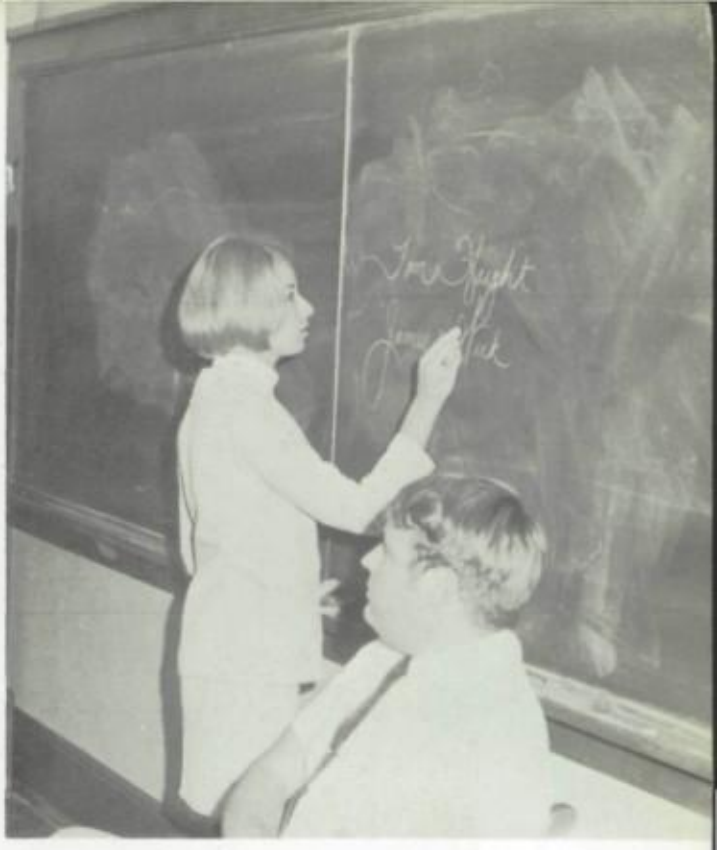
(She doesn't realize it's going to get sticky.)

"John, the small intestine really isn't spaghetti."



"You're just lucky it's not mistletoe."

"Mr. Great Lakes?"



"Are you sure they're Homecoming king and queen?"

School Life in Action

"Let's see, that will be Judy for Friday night, Wendy for Saturday, and Linda for Saturday night."

"Now poopsie."

"Surely you jest."

"So you see son, being band director does have a few advantages . . ."

Quit tickling me.

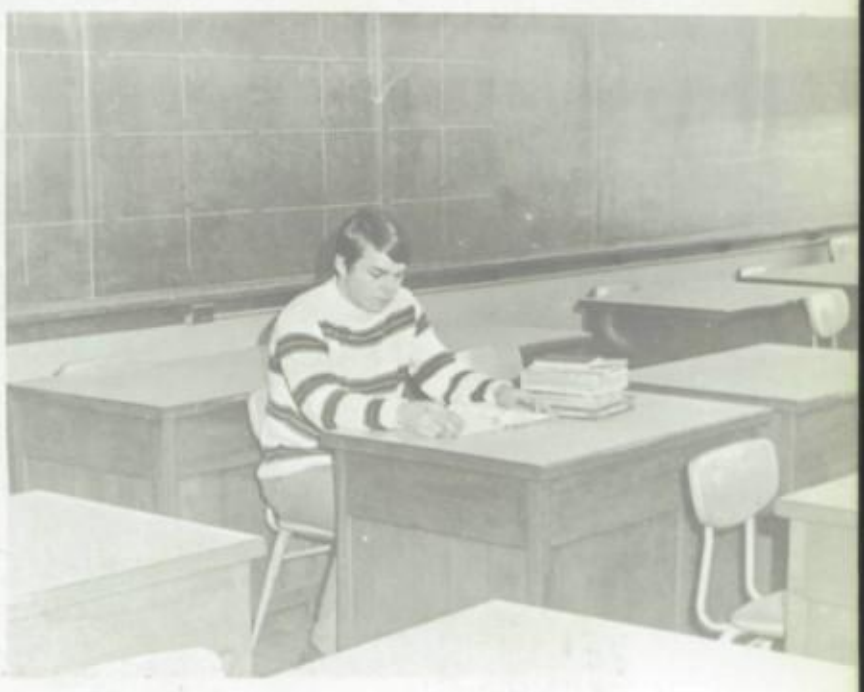
Hmmm, what could this mean?

Coach, I just can't make it . . . not again.

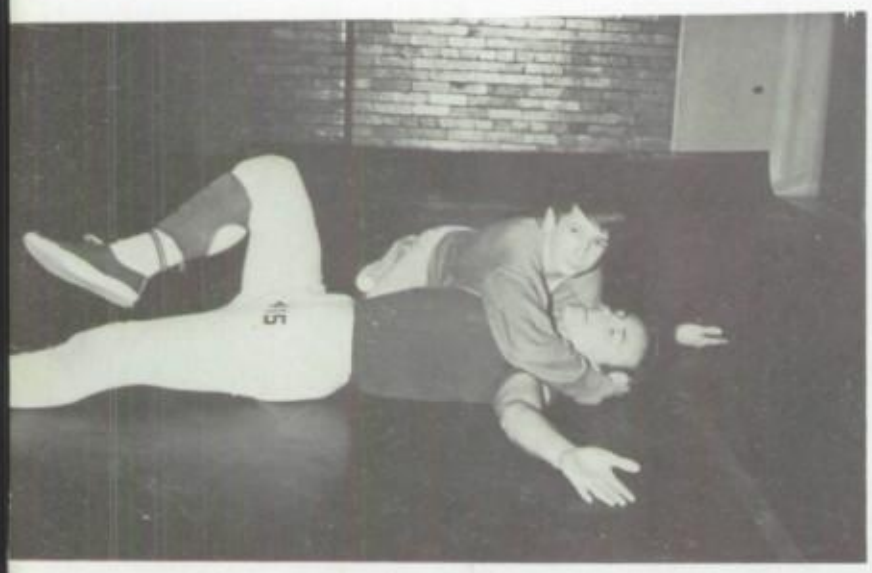
They call this the joke of the year.

Dean of Girls locked out by students???

Mr. Stanley's at it again.



I knew I should have remembered to use the Right Guard.

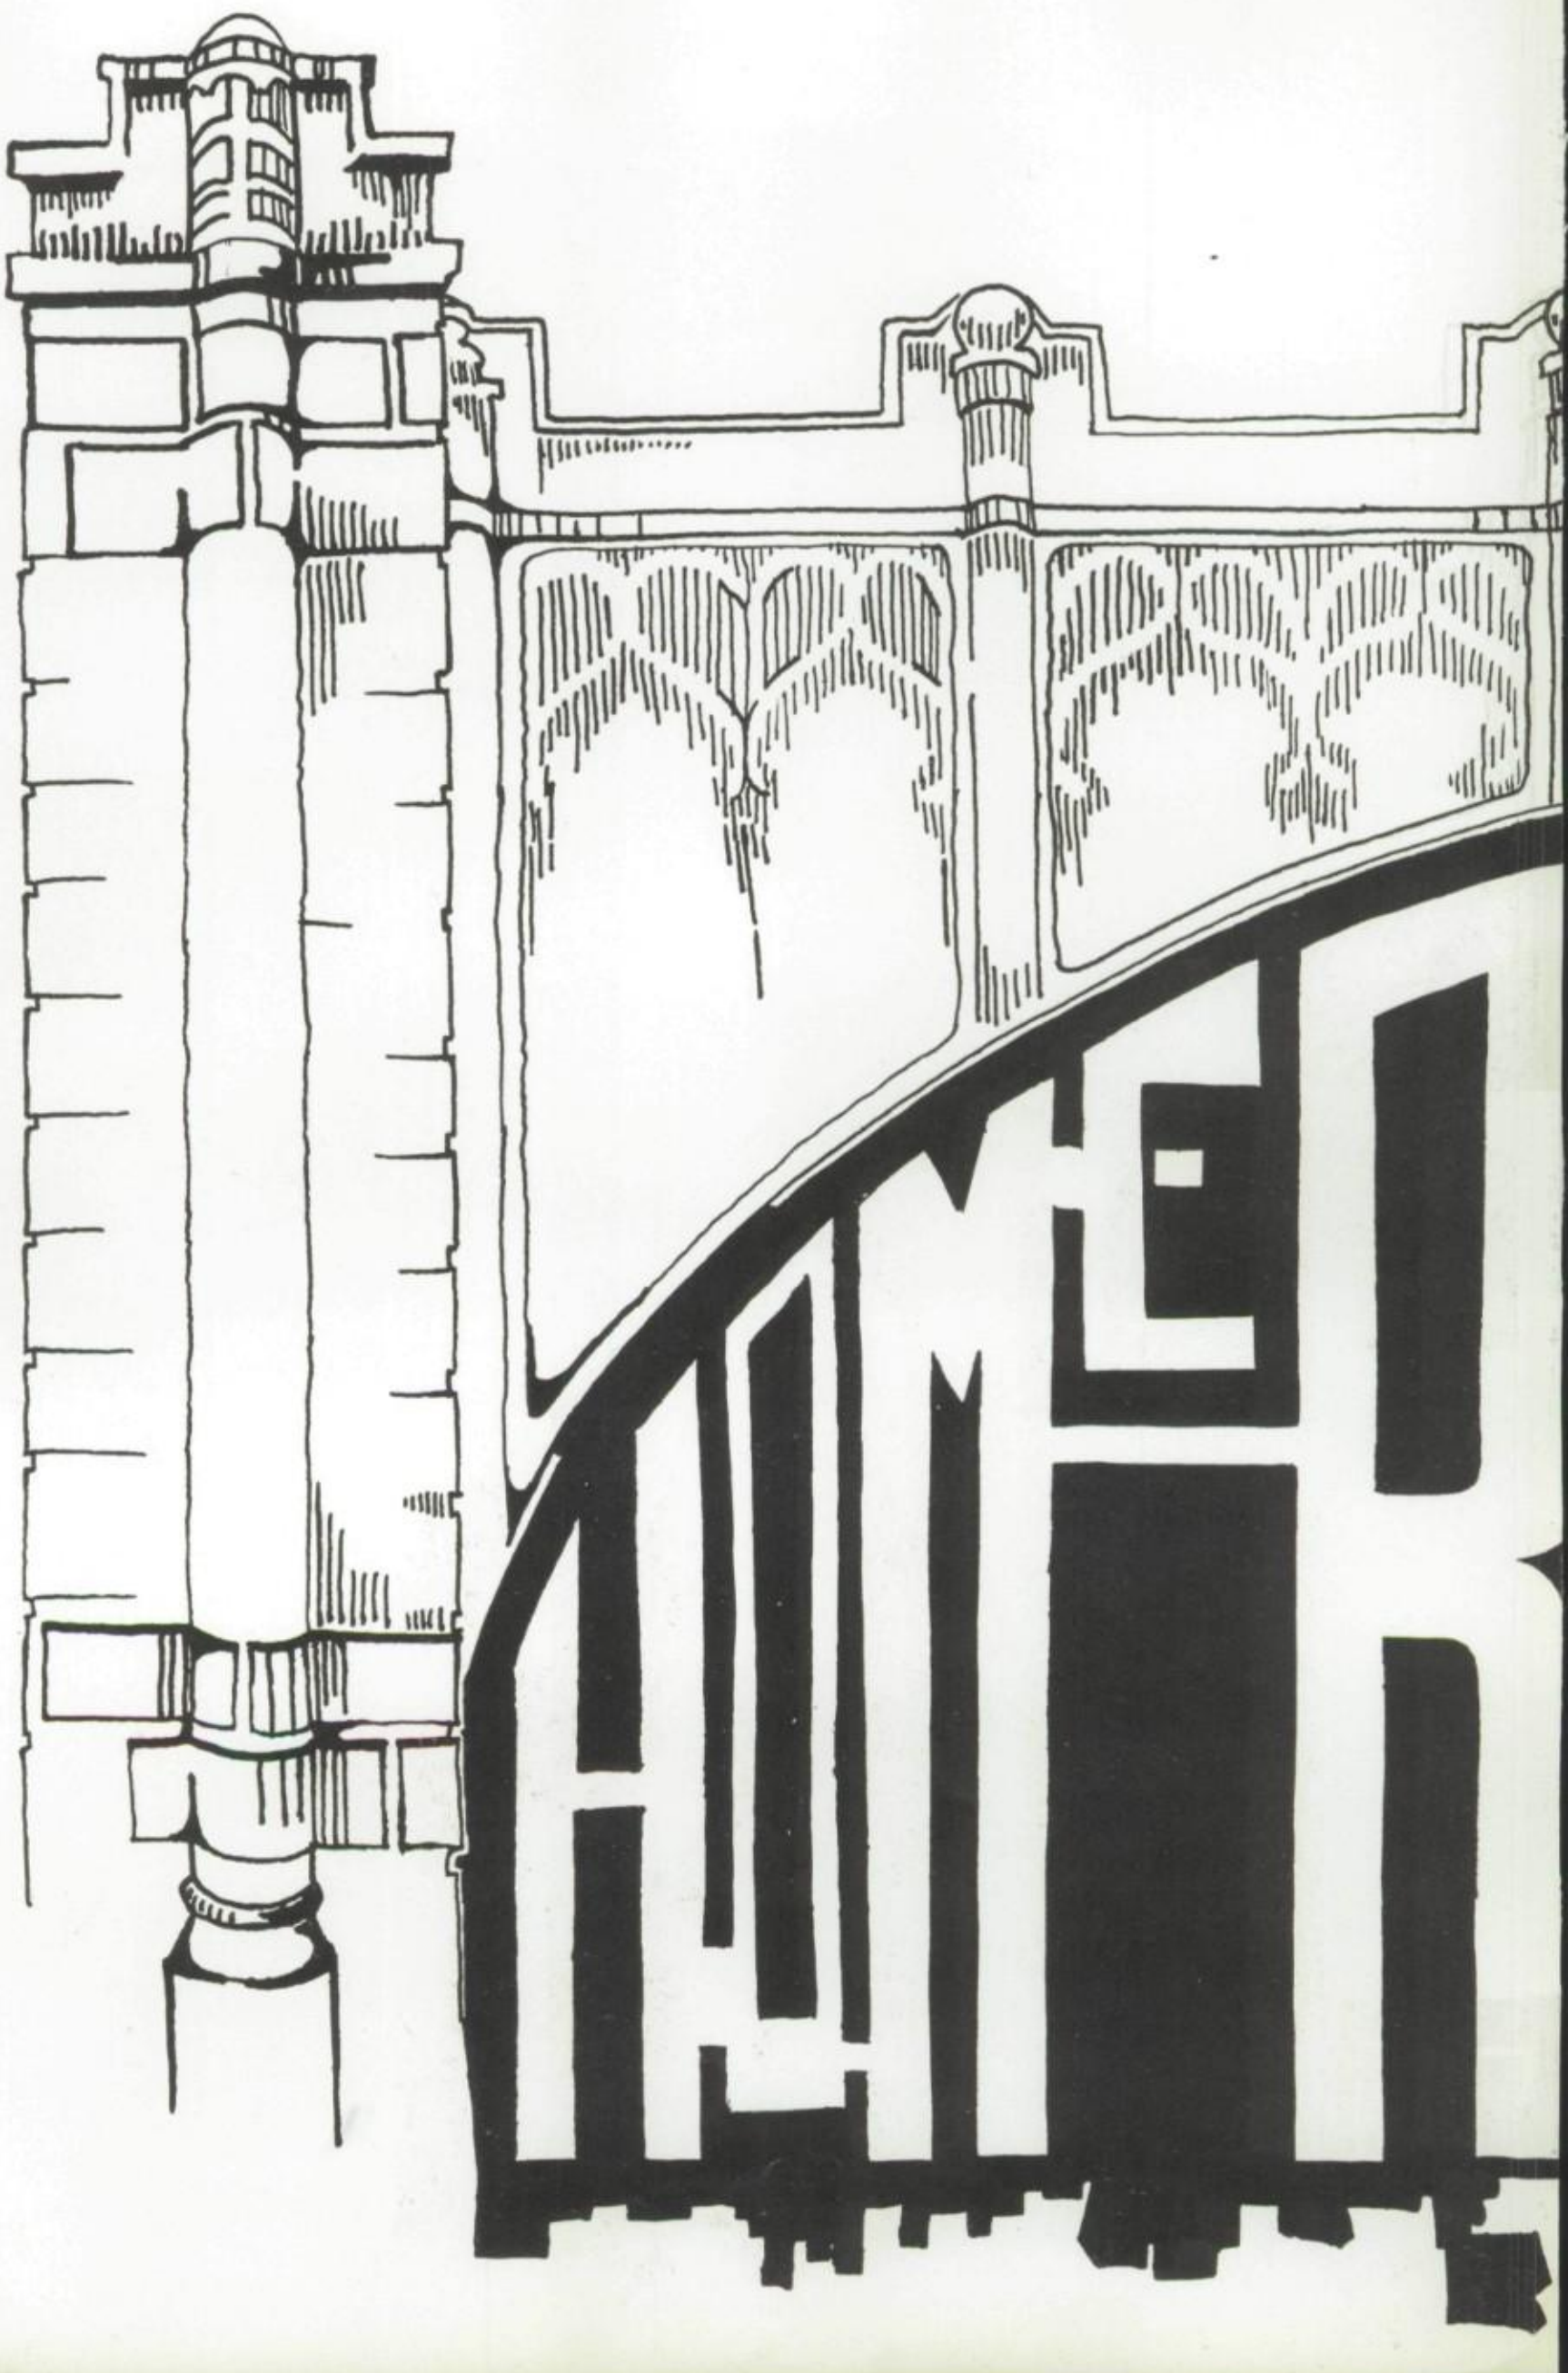


Could this be love?

So that's what P.F. Flyers can do.

S.G.A. hard at work, as normal.

Any special reason why you're wearing ear muffs, Mr. Hepner?



HI,

Since there's no other place to write I guess this will have to do. Who knows maybe someday I'll be in this place. Come to see me. O.K.?

Within the last year I think we've became better friends than ever before. Cold? Just think only one more year left in our homeroom. It's just unbelievable. I'm sure I'll see ya around this summer. There'll be plenty of parties including some at my house. Keep in touch. And behave yourself.

Great Friends,
Nancy Schulz

An end

or a beginning?

There was a time when a high school diploma could be considered an end — sufficient education for the job ahead. But no more. Not in these days of ever-advancing technology and intense individual competition. Now, whether you're planning on a white-collar or blue-collar job, the requirements are much the same — more knowledge, more skills, **more education.** And that means study beyond high school.

The decision is yours. Make it carefully, for it will probably be the most important one you'll ever make. We at Allis-Chalmers hope it will be for further study. Deeply involved in space-age technology ourselves, we know first-hand the crucial importance of special skills and education. Just as you will, in the future—**when it counts.**

Take Time

Take Time TO THINK . . .
It is the source of power.

Take Time TO PLAY . . .
It is the secret of perpetual youth.

Take Time TO READ . . .
It is the fountain of wisdom.

Take Time TO PRAY . . .
It is the greatest power on earth.

Take Time TO LOVE and BE LOVED . .
It is a God-given privilege.

Take Time TO BE FRIENDLY . . .
It is the road to happiness.

Take Time TO LAUGH . . .
It is the music of the soul.

Take Time TO GIVE . . .
It is too short a day to be selfish.

Take Time TO WORK . . .
It is the price of success.

Take Time TO SAVE . . .
It is the foundation of your future.

To Bonnie,
Good luck in the future
Have a good summer
Cordially Yours
Jeanne Hoffman

Bonnie, I'll never forget those fantastic times we had at parties we'd never tell our mothers about. Craig's right!! You should stick to milk. But you're much more fun when you don't. Now you'd better give me a call this summer (483-5948) as soon as another one of those parties comes up! Keep the faith!

Peggy Early

Bonnie,
How are ya buddy, I'm really glad that I got to know you (B.S.) It's really fabulous going out with you in the stud. bomb. Too bad we might have to wait till the middle of July to do it again. See you the 16th of this month.

Mary Mulvaney

To a real sweet drunk, not really pawning

To a funny girl, who had the pleasure of being in my homeroom for the past two years. Don't ever lose that laugh or you'll be in trouble.

The one and only,
Rick Schwarck

Bonnie-
It's been nice knowing you. Have fun this summer.

Diane Sienko

DEAR BONNIE

IF BY CHANCE YOU SHOULD HAPPEN TO READ THIS SOMETIME IN THE FAR FETCHED FUTURE I'd FIRST LIKE TO GIVE YOU A LITTLE BACKROUND, IT IS NOW 1:35 AM, JUNE 17, 1969, TODAY IS THE FOURTH ANNIVESARY of ME GIVING YOU THE RING THAT'S GETS ME IN A LOT of TROUBLE WITH YOU LIKE MAY 9 & 30. MAY 30 WAS ALSO AN ANNIVESARY, (100 DAYS) BUT LOOKING BACK ON ALL THE GOOD TIMES WE HAD I REALLY WANT TO FORGET THOSE 2 DAYS AND ONLY THINK OF THE GOOD. ABOUT THE RING, I WANT YOU TO KEEP IT FOREVER AND HOPE IT ALWAYS MEANS THE SAME IF NOT MORE THAN IT does NOW. THE REASON I'M WRITING THIS AT THE RIDICULOUS HOUR I AM IS BECAUSE THAT'S THE WAY I am AND THERE'S NO CHANGING ME, YOU KNOW THAT. ANOTHER THING YOU KNOW IS THAT A WEEK FROM YESTERDAY I LEAVE AND I WON'T BE BACK UNTIL MOST OF THE SUMMER IS GONE BUT I WANT YOU TO KNOW THAT I'LL BE MISSING YOU EVERY MINUTE IF NOT TWICE-A-MINUTE AND KNOWING YOU I KNOW YOU'll BE WAITING WHEN. I GET BACK BECAUSE I THINK YOU LOVE ME AS MUCH AS IF NOT MORE (IF IT'S POSSIBLE) THAN I LOVE YOU. AT ANY RATE THERE IS STILL NEXT AND THE YEAR AFTER UNTIL THE FUN REALLY BEGINS SO UNTIL THEN STAY AS SWEET AS YOU ARE NOW WHICH IS AS SWEET AS I'VE ALWAYS BEEN (HAD TO PUT THAT IN) AND WHO KNOWS, SOMEDAY SOMEWHERE, SOMETIME, SOMEHOW, SOMEPLACE, SOMEONE, MIGHT STEP UP TO YOU AND SAY:

"TURN TO PAGE ONE HUNDRED AND NINTY FOOR"

Bonnie,
You're really a cute and cool kid in my english class. Have fun this summer with Russ and be good in the future.
Gail

Bonnie,
I'm glad you guys got up on F. Hawk. Three cheers for Russ & S.O.A.K. Don't forget the meetings. Have a great summer. Good luck always,
Cindy Capers

Bonnie,
You're really a great kid and I know I'll probably see you this summer. Have fun and good luck in everything this year.
Dave Hyson

Bonnie,
You are a real cute and sweet girl. Have fun this summer.
Hope to see you.
Love
Sue Serena

Bonnie,
You're a chica guapa who always seemed to come up with the wrong answer with the right attitude. Have fun this summer.
Steve

Bonnie -
I suppose I'll always love that cunt of you court cute you're just so darn Hope to see you like summer Good luck at BV.
Love Les

To a nice girl who was in my spanish class. Good Luck in the Future
Kathy meyer

Bonnie
To a really Nice girl from a guy who grew up with you.
Luck always,
"Hasse"

To B.S.
Bonnie, you're a real sweetie & a great kid! I hope be in more classes better year we'll together! Have fun this summer and always!
Love Mary Ellen
